Activities that Both Occupations Have in Common		Similarity of Focus Occupation to Associated Occupation: 88
Focus Occupation: Family and General Practitioners (29-1062) Associated Occupation: Registered Nurses (29-1111)		
Work Activities	Exclusivity of Activity	
Administer injections	60	
Administer medications or treatments	46	
Collect clinical data	56	
Communicate technical information	4	
Conduct patient assessments	69	
Deliver babies	95	
Follow dental or medical office procedures	68	
Follow infectious materials procedures	52	
Follow institutional care procedures	80	
Follow life support procedures	81	
Identify body response variations	57	

Interpret medical laboratory test results	72
Make presentations on health or medical issues	50
Obtain information from clients, customers, or patients	40
Order medical laboratory tests	76
Prepare patient reports	66
Recognize childhood diseases	78
Record medical history or data	68
Take vital signs	56
Treat medical condition of patient	75
Understand properties or composition of drugs	64
Understand technical operating, service or repair manuals	6
Use clinical problem solving techniques	69
Use counseling techniques	60
Use interpersonal communication techniques	10
Use knowledge of investigation techniques	16
Use knowledge of medical terminology	40
Use medical lab techniques	81
Use research methodology procedures in health care	63
Use sanitation practices in health care settings	48

Not all positions in these occupations will necessarily perform all of the listed activities. The exclusivity rating is an indication of how unique the activity is amongst all occupations. The maximum rating is 100. High scores indicate that only a small number of occupations engage in that activity.
